

Oncocyte Reports First Quarter 2022 Financial Results

May 11, 2022

IRVINE, Calif., May 11, 2022 (GLOBE NEWSWIRE) -- [Oncocyte Corporation](#) (Nasdaq: OCX), a precision diagnostics company with the mission to improve patient outcomes by providing personalized insights that inform critical decisions throughout the patient care journey, today reports financial results for the first quarter 2022, ended March 31, 2022.

First Quarter and Recent Highlights:

- Reported total revenue of \$1.4 million in the first quarter of 2022, compared with \$1.1 million in the first quarter of 2021.
- Launched our CLIA validated lab test for TheraSure™ Liver Transplant Monitoring, a donor-derived cell-free DNA (dd-cfDNA) test which has shown to successfully achieve an early indication of rejection episodes in organ transplant patients using a digital polymerase chain reaction (dPCR) technique.
- Closed a platform partnership with Thermo Fisher to gain access to Ex-US channel for the Determa product line
- Completed Irvine facility build out and installed Genexus instruments to begin DetermaIO IVD Kit process.
- Completed an equity financing by raising \$32.8 million in common stock to strengthen the balance sheet and further support our product portfolio.

“We continued to make solid progress in the first quarter, delivering 73% year over year growth in DetermaRx™ sample volumes and successfully onboarding new physicians and accounts. We also successfully completed an underwritten financing to strengthen our balance sheet and fuel our upcoming product launch efforts,” said Ron Andrews, President and Chief Executive Officer of Oncocyte. “Looking ahead, we remain enthusiastic about our upcoming DetermaIO™ data releases at ASCO in early June and the continued rapid progress we have made to launch our transplant business as we announced last week. We also remain on track to submit three additional oncology tests, DetermaIO™, DetermaTx™ and DetermaCNI™, for reimbursement over the next 12-18 months. I appreciate the continued support of our shareholders and look forward to updating you as we execute on our strategic plans.”

First Quarter 2022 Financial Results

Total revenue was \$1.4 million for the first quarter of 2022, compared to \$1.1 million for the prior quarter. First quarter revenues associated with DetermaRx were \$1.0 million, up \$0.2 million sequentially, and up \$0.4 million year over year. Operating expenses for the first quarter 2022 were \$9.4 million, compared to \$11.4 million, a decrease of \$2.0 million from the same period in the prior year. Research and Development expense for the first quarter 2022 was \$5.1 million, an increase of \$1.8 million from the

same period a year ago. The increase in R&D expense was related to increased headcount in support of clinical trials in oncology and transplant. General and Administrative expense for the first quarter of 2022 was \$5.7 million, an increase of \$0.9 million for the same period in 2021, due primarily due to an increase in personnel and related expenses. Sales and Marketing expense in the quarter was \$3.2 million, an increase of \$1.0 million year over year, primarily attributable to an increase in headcount and continued ramp in sales and marketing activities related to the transplant business, as well as support the commercialization efforts within oncology.

Net loss was \$10.3 million for the first quarter of 2022 and net loss per share was \$0.11 on a weighted-average basic and diluted share count of 92.2 million, compared to a net loss of \$3.9 million and a net loss per share of \$0.05 on a weighted-average basic and diluted share count of 82.1 million in the same period of the prior year.

Cash, cash equivalents, restricted cash and marketable securities were \$22.7 million as of March 31, 2022.

About Oncocyte

Oncocyte is a precision diagnostics company with a mission to improve patient outcomes by providing personalized insights that inform critical decisions throughout the patient care journey.

The Company, through its proprietary tests and pharmaceutical services business, aims to help save lives by accelerating the diagnosis of cancer and advancing cancer care. The Company's tests are designed to help provide clarity and confidence to physicians and their patients at every stage post-diagnosis treatment. DetermaRx™ identifies early-stage lung cancer patients who are at high risk for cancer recurrence and who may benefit from adjuvant chemotherapy. DetermaIO™, a gene expression test currently used as a research-use only tool, assesses the tumor microenvironment to predict response to immunotherapies. The Company's pipeline of tests in development also includes DetermaTx™, which will assess mutational status of a tumor, blood-based test DetermaCNI™, which can monitor cancer patients for recurrence of disease, long-term recurrence monitoring test DetermaMx™, and blood-based solid organ transplantation monitoring test TheraSure™. In addition, Oncocyte's pharmaceutical services provide companies that are developing new cancer treatments a full suite of molecular testing services to support the drug development process.

DetermaRx™, DetermaIO™, DetermaTx™, DetermaCNI™, DetermaMx™ and TheraSure™ are trademarks of Oncocyte Corporation.

Forward-Looking Statements

Any statements that are not historical fact (including, but not limited to statements that contain words such as "will," "believes," "plans," "anticipates," "expects," "estimates," "may," and similar expressions) are forward-looking statements. These statements include those pertaining to, among other things, TheraSure, such as the expectation of expedited validation of TheraSure for kidney and heart transplants and of conversion of the lab workflow into a kit, and other statements about the future expectations, beliefs, goals, plans, or prospects expressed by management. Forward-looking statements involve risks and uncertainties, including, without limitation, the potential impact of COVID-19 on Oncocyte or its subsidiaries' financial and operational results, risks inherent in the development and/or

commercialization of diagnostic tests or products, uncertainty in the results of clinical trials or regulatory approvals, the capacity of Oncocyte's third-party supplied blood sample analytic system to provide consistent and precise analytic results on a commercial scale, potential interruptions to supply chains, the need and ability to obtain future capital, maintenance of intellectual property rights in all applicable jurisdictions, obligations to third parties with respect to licensed or acquired technology and products, the need to obtain third party reimbursement for patients' use of any diagnostic tests Oncocyte or its subsidiaries commercialize in applicable jurisdictions, and risks inherent in strategic transactions such as the potential failure to realize anticipated benefits, legal, regulatory or political changes in the applicable jurisdictions, accounting and quality controls, potential greater than estimated allocations of resources to develop and commercialize technologies, or potential failure to maintain any laboratory accreditation or certification. Actual results may differ materially from the results anticipated in these forward-looking statements and accordingly such statements should be evaluated together with the many uncertainties that affect the business of Oncocyte, particularly those mentioned in the "Risk Factors" and other cautionary statements found in Oncocyte's Securities and Exchange Commission (SEC) filings, which are available from the SEC's website. You are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date on which they were made. Oncocyte undertakes no obligation to update such statements to reflect events that occur or circumstances that exist after the date on which they were made, except as required by law.
